PROFESSIONAL SUMMARY

Computer Science and Business Systems graduate with expertise in **Java Full Stack Development**, building applications using **Spring Boot, React, REST APIs, and SQL databases**. Experienced in developing AI-powered solutions using **RAG, LLMs, and multi-agent architectures**. Strong foundation in software engineering, cloud technologies, and problem solving.

EXPERIENCE

HEXAWARE TECHNOLOGIES | TECHNICAL TRAINEE

Feb 2026 – Present | Chennai, India

- Completed **Java Full Stack Development** training covering **Core Java, Spring Framework, Spring Boot, Spring MVC, Spring Data JPA, Spring Security, Spring AI, Spring Cloud, Spring Batch, REST APIs, OAuth2, JWT, React, JUnit, Mockito, Git, and MySQL**.
- Developed **FastX**, a full-stack bus ticket booking platform using Spring Boot, React, MySQL, JWT, OAuth2, and Docker.
- Currently undergoing **advanced Python training** covering **object-oriented programming, data structures, exception handling, file handling, modules, libraries, and advanced concepts in Python**.

PROJECTS

COGNIGEN | AI-DRIVEN LEARNING PLATFORM | REPOS: [FRONTEND] [BACKEND] [AI SERVICE]

Jan 2026 – Apr 2026 | Final Year Project | MERN, Python, LangChain, LangGraph, RAG, Vector Database, LLMs

- Developed an AI-powered learning system using **multi-agent architecture**, building **learning path, content, and quiz generation modules** with **LLMs** and **RAG** for improved accuracy.
- Designed **profile management and adaptive learning modules** and integrated backend services using structured APIs.

FASTX | BUS TICKET BOOKING SYSTEM | REPOS: [FRONTEND] [BACKEND]

Apr 2026 – May 2026 | Java Full Stack Project | Spring Boot, React, MySQL, JWT, OAuth2, Docker

- Developed a scalable bus ticket booking platform with **JWT authentication, Google OAuth2 login**, wallet system, refund management, and role-based access for passengers, operators, and admins.
- Built RESTful APIs using **Spring Boot, Spring Security, JPA/Hibernate**, and integrated email notifications, PDF generation, Docker deployment, and secure booking workflows.

STUDYHIVE | COLLABORATIVE LEARNING PLATFORM | [REPOSITORY] [LIVE]

Apr 2025 | Full Stack Project | MongoDB, Express, React, Node.js

- Developed a full-stack platform with real-time collaboration, integrating **Jitsi** for video communication and **Google Drive API** for file sharing.

SMARTFIT | AI FITNESS APPLICATION | [REPOSITORY]

Sep 2024 | National Hackathon Winner | Kotlin, Jetpack Compose, Firebase, AWS S3, Llama

- Built an AI-powered fitness application in **24 hours** and integrated a **LLaMA-based model** for personalized recommendations, securing **1st place**.

ACHIEVEMENTS

- Winner of the National-Level Hackathon at **Sairam Engineering College** for developing **SmartFit** (2024).
- Published Patent – Farm Helper (2026)**: Developed a digital platform connecting farmers, consumers, and agricultural experts, enabling direct sales, equipment rental, expert consultation, and real-time government scheme updates.
- Secured a **Top 5** position among 300+ projects in an inter-college ideathon for **FarmHelper**.

LEADERSHIP & EVENTS

COZE'N BUG – MADASA'25 | EVENT LEAD

2025 | Panimalar Engineering College

- Led the organization of **Quiz'N Bug**, a coding and debugging competition conducted as part of **MADASA'25**.
- Managed event logistics, designed problem statements, and coordinated participant engagement.

EDUCATION

PANIMALAR ENGINEERING COLLEGE | B.TECH IN COMPUTER SCIENCE AND BUSINESS SYSTEMS

2022 – 2026 | CGPA: 8.49

SKILLS

Languages: Java, Python, JavaScript

Tech: React.js, Redux, HTML, CSS, Tailwind CSS, Spring Boot, Spring Security, Spring Data JPA, Spring AI, REST APIs, Node.js, Express.js

Database, Cloud & Tools: MySQL, PostgreSQL, MongoDB, AWS, Docker, Git, GitHub, JPA, Hibernate

Concepts & AI: Microservices, RAG, AI Agents, Multi-Agent Systems, LangChain, LangGraph, Vector Databases, LLMs

CERTIFICATIONS

Full-Stack Web Development Bootcamp – Udemy Certificate (2025) [[Link](#)]

Android Development Bootcamp – Udemy Certificate (2025) [[Link](#)]
